Dear Sir/Madam,

CIRCULAR 3/2019: DELIMITATION OF WARDS 2019-2020 IN PREPARATION FOR THE 2021 LOCAL GOVERNMENT ELECTIONS – PUBLIC CONSULTATIONS

PURPOSE

1. To share information in preparation for the upcoming ward delimitation public consultation process; and
2. To provide feedback on the finalisation of first draft set of wards.

Preparation of draft wards

3. Following the publication of the number of councillors by the MECs responsible for local government, the MDB calculated the number of wards, norms and variances for each municipality.
-

4. Thereafter, the MDB conducted technical consultation sessions with GIS and Planning officials in local and metropolitan municipalities between September and October 2019. These sessions sought to attain optimal configuration of the draft wards and to address any geographic challenges experienced by municipalities since the finalisation of wards in the previous round of ward delimitations in 2016.
5. Draft wards for all metropolitan and local municipalities have been finalised for public consultations between February and April 2020.
6. Draft wards are meant to facilitate and guide inputs during the forth-coming public consultation sessions. Draft wards have no legal status, therefore members of the public and stakeholders are encouraged to engage with them and, if necessary, provide inputs on how the final wards should be configured.
7. **Draft wards have been sent to all municipal managers and are also available on the MDB website and on request by contacting provincial coordinators** (Details attached hereto).

Preparations for the public consultation process.

8. As noted above, the next phase in the ward delimitation process will involve public consultations. Members of the public will be given an opportunity to make inputs on how final wards should be configured. In this regard, the MDB will visit all local and metropolitan municipalities between February and April 2020. A schedule of those public meetings is attached hereto as **Annexure A**.
9. The MDB is currently in contact with all municipalities to assist with the process to identify and secure venues for public consultations and provide feedback to the MDB before 30 November 2019, as recently communicated to all municipal managers. Confirmed venues must be submitted urgently to the MDB.
10. At the public consultation sessions, members of the public and stakeholders will be given an opportunity to make inputs or submit proposals. The closing date for submission of inputs and proposals is 30 April 2020.
11. The MDB will provide draft ward maps and a schedule which indicates all voting districts per ward per municipality in the whole country. As indicated in paragraph 7 above, this information can be obtained from municipalities and the MDB.

CONCLUSION

13. The period between 2019 until the next local government elections will not include demarcation or re-determination of municipal boundaries but only delimitation of wards.
14. The MDB would like to thank municipalities for the continued support during the technical consultation process and hope that this will continue for the rest of the ward delimitation process. The support of MDB stakeholders, especially municipalities is critical in order to make this process successful.
15. We wish to assure everyone that the MDB is committed to meaningful citizen engagement and would like to urge all our stakeholders to assist in ensuring that affected members of the public continue to participate in this process.

16. The MDB will endeavour to provide everyone with updated information should there be any changes to the programme.
