Dear Sir/Madam,

CIRCULAR 1/2024 MUNICIPAL BOUNDARY RE-DETERMINATIONS PROCESS

PURPOSE

1. To provide an update regarding the municipal boundary redetermination process following the consideration of public meetings and formal investigations in the respective sections 28, 29 and 30 of the Local Government: Municipal Demarcation Act No. 27 of 1998 (MDA).
2. To provide information on the publication of notices in the Provincial Gazettes regarding the boundaries as redetermined by the MDB in terms of section 21 of the MDA.

3. To request municipalities and all other stakeholders to share information and encourage any person(s) aggrieved by the MDB determinations to submit objections withing 30 days from the date of publication of the relevant provincial Gazette.

INTRODUCTION AND BACKGROUND

4. In March and April 2023, the MDB published section 26 notices for Batch 1 proposals in the relevant newspapers circulating in the affected areas to make known its intention to consider such and invited views and representations from members of the public. Proposals for Batch 2 were published in the month of May 2023.
5. The MDB received an overwhelming response and or rather positive feedback from members of the public and stakeholders at the time is an indication of a resounding success of MDB's effort to realise public's involvement in the public consultation process.
6. Between August and October 2023, the MDB conducted both formal investigations and public meetings on proposed municipal boundary re-determinations as listed in Circulars 2 and 3 of 2023.

RESOLUTIONS OF THE BOARD FOLLOWING FORMAL INVESTIGATIONS AND PUBLIC MEETINGS.

7. On 13 December 2023, the MDB considered the outcomes from public meetings and formal investigations.
8. The Board resolved to either proceed and re-determine municipal boundaries or not proceed with the proposed municipal boundary re-determination. Resolutions of the Board per province and per proposal are provided and listed in **Annexure A**.
9. Decisions on other matters as far as they relate to specific major redetermination proposals were deferred by the board considering the following reasons, amongst others:
 - a. They are multifaceted and complicated proposals that requires extensive and indepth analysis to not only determine their feasibility but also the possible impact or consequences they might have on the current municipal spatial configuration, administrations and financial conditions in the area and explore other options that might be available; and

- b. MDB intends to subject them to further research, public consultations and stakeholder engagements before a decision is taken on whether to re-determine municipal boundaries or not.
10. All matters indicated as “not proceeding” to section 21 publications are considered closed.
 11. All matters indicated as deferred are not closed and will remain with the MDB until such time the processes outlined above (paragraph 9) are completed and decisions are taken at a later stage as may be determined by the MDB.
 12. Table 1 below indicates the number of proposals arranged per province per category of Board resolution. A total of sixty-three (63) proposals are proceeding to section 21 and a total of hundred and thirty-two (132) proposals are closed, with a total of thirteen (13) proposals deferred.

14. Objections should reach the MDB in a period not less than 30 calendar days from the date of publication of the relevant provincial gazette. In this regard, members of the public are encouraged to be on the look out for provincial Gazettes early in January 2023. The notice will provide details on the modes of communication to be utilised for the process.
15. All objections will be considered in terms of the demarcation criteria as set out in section 24 and 25 of the MDA.

MUNICIPAL BOUNDARY RE-DETERMINATION PROCESS GOING FORWARD

16. After the closing date for submission of objections, the MDB will consider all objections received and, in terms of section 21(5) publish its final decisions in relevant provincial gazettes. That will mark the end of the municipal boundary re-determination process.
17. All matters indicated as deferred will remain with the MDB until such time the processes outlined above (paragraph 9) are completed and decisions are taken at a later stage as may be determined by the MDB. These matters will not form part of the final list of redermination cases that will be handed over to the IEC and MECs.
18. Final municipal boundaries will, thereafter, be handed over the Independent Electoral Commission (IEC) to proceed in terms of section 23 of the MDA.

19. Following the publication of determination by the IEC, Members of the Provincial Executive Committee (MEC) responsible for local government will determine the date of effect of the newly re-determined municipal boundaries.
